Walcot House shows a rainbow of colour at Decorex

Walcot House, specialists in the design and manufacture of contemporary curtain poles, finials and hanging systems, will be exhibiting again at Decorex this year. Visit them at stand no G232 to see their exciting new range of fabulous contemporary coloured poles and hand made glass finials.

Their high quality designs and unique look have gained them international recognition, with their products selling around the world.

This year sees the launch of their most exciting range to date. Fourteen new high gloss 50mm diameter lacquered poles, in a rainbow of colours from mimosa to peony, are accompanied by three new finial ranges and matching holdbacks, created in hand blown glass and stainless steel. Their new tracking and cording service complements the collection perfectly.

Examples of all of these products, in addition to their existing collection, will be on show at Decorex this year at stand number G232.

Special offers will be available on any sampling material ordered at the show. Decorex is held in the grounds of Chelsea Hospital from Sunday 26th September to Wednesday 29th September 2010.

If you would like to receive a Walcot House catalogue, please call 01993 832940 or email info@walcothouse.com.
