

# 50mm acrylic

## 50mm diameter acrylic pole

Make a big impression with the truly contemporary acrylic pole.

The recommended maximum span between brackets is 180cm depending on the weight of your curtains. Order one of our stock sizes shown, or, for an additional charge, we will cut them to size. Poles over 240cm will be delivered in two pieces, with a 'spigot' at one end of each. These slot neatly inside our connector bracket, which will be required to make a smooth join in the centre.

See page 58 for bracketry details.

## Rings

Standard and passing rings are available with a flat section profile. Allow at least one ring for every 10cm of pole length.

All rings have a nylon insert to ensure curtains glide smoothly and quietly along the pole.

Passing rings allow one pair of curtains or even a single curtain to be pulled all the way across.

pole length	acrylic
150cm	P-50-150-AC
180cm	P-50-180-AC
240cm	P-50-240-AC
300cm	P-50-300-AC
400cm (2pc)	P-50-400-AC

ring type	stainless steel
flat section ring	R-FSRI-50-SS
passing ring	R-PAS-50-SV
